EDUCATIONAL.

SELECT Classical & Mathematical School.

The subscriber proposes to open in the city of Washing ton, on the 13th of September, a Classical and Mathematical School of a high order. For this purpose he has secured a central and very desirable location on the south side of F street, three doors west from 13th.

The number of pupils will be limited to twenty. To these he will devote his exclusive attention, in preparing them for college or for business and professional pursuits.

It is the design to make this a permanent Classical and Mathematical School, with a number so limited that each pupil may receive a large share of the teacher's attention; and the result of his own experience and that of others convince him that he can in this way accomplish much more for their mental and moral improvement, and for their thorotich and rapid progress in study, than can be done in a school of a larger number or of a more miscellaneous character.

From the views expressed to the subscriber by intellig persons, it is believed there are many in this city who de-sire the establishment of such a school at the present time; and all of his energies, guided by his past experience in the instruction of youth, will be devoted to making it, in all

instruction of youth, will be devoted to making it, in all respects, worthy of the confidence and patronage of those who may be disposed to place their sons under his charge. Terms, per quarter, \$12.50.

COME, LET US REASON TOGETHER. ORAL TESTIMONY.

THOUSANDS feel it a duty to talk to their afflicted friends of the benefit derived from HAMPTON'S VEGETABLE TINCTURE. From day to day we have given the certificates of cures performed on our best-known citizens, and still we have a perfect avalanche of letters pouring in upon us—all, all giving a weight of testimony that must convince the most skeptical. All are invited to call and read for themselves. The letter below is from one of the first mercantile firms. To those who know them, it must carry conviction, and induce many sufferers to give this Tincture a trial:

Mesers. Mortimer & Moiobray: Gents: We have again to send an order for more of your truly wenderful Hampton's Vegetable Tincture. Since it was first tried it has sold without an effort, and we have not seen the first person who has not been greatly benefited by its use. A gentlemen of our neighborhood was induced to try the "Tincture" for a violent palpitation of the heart. He had suffered so much from it that he said he had prayed for death. He had taken but these deses when he assured us he would He had taken but three doses when he assured us he would not take five hundred dollars for the benefit he had de-rived, and that he should never cease to remember us with gratitude for calling his attention to so valuable a medicine

Baltimore, Feb. 9, 1802.

Maire Mortimer & Mondray: Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vogefable Tincture. Sometime during last November I was taken with a very bad and serious cough. I was advised to take Cod-Liver Oil, and did so; but getting no better, I was induced to try your Tincture. I got one bottle, and before I had used it all my cough left me. Permit me also to state that, for the last fifteen years, I have suffered very much from Acute Rheumattsm and Vertigo, confining me at times to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me, yours, very respectfully.

Were there not real virtue in this wonderful medicine could it perform the astonishing cures made by it? NORTHAMPTON Co., April 13, 1852.

Means. Tyler & Adair: I have been afflicted with Rhee matism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various rame-dies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day of night; I could not move any part of my body without cry-ing with pain; at this time I also tried many remedies, ining with pain: at this time I also tried many remedies, in ternal and external, without receiving any relief: I was a last advised to try HAMITON'S VEHETABLE TINCTURE; before I had taken one bottle of which I feit much better, and as I continued taking it I felt strength coming into my back and limbs, and my stomach strengthened and revived every way. I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled.
